## Take control of your bill

Prefer to only pay for what you use? With a water meter, you can keep track of every drop and hopefully save money, too!

Request yours now at  
[thameswater.co.uk/meter](https://thameswater.co.uk/meter)

## > Your charges explained

Because you don't have a meter, we calculate your charges based on your property's **rateable value (RV)** of 638, which we then multiply by our rates.

The Government sets RV based on a property's location and size. It varies from house to house, so yours might be different from your next-door neighbour's.

The Government froze RV in 1990 after introducing council tax, so yours won't change.

[thameswater.co.uk/rv](https://thameswater.co.uk/rv)

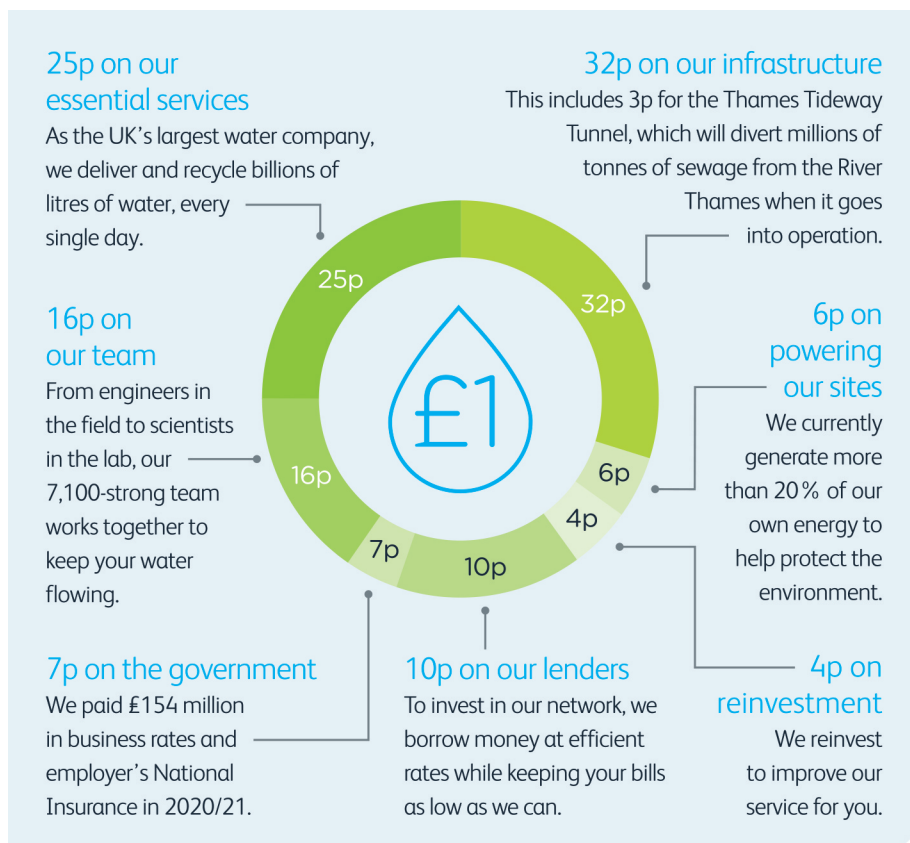

## What's a fixed charge?

Your fixed charge helps to cover some of our essential running costs, like maintaining pipes and handling enquiries.

## Could you save on your wastewater?

You could save £27.95 a year on your wastewater fixed charge if all the rainwater from your property drains into a soakaway, stream or river instead of our sewer. Find out more at  
[thameswater.co.uk/swd](https://thameswater.co.uk/swd)

## For every £1 you spend, we spend...

## Changes to our charges

Our charges are subject to change each year. On average, our charges will go up by 3.7% on 1 April 2022. We follow guidance from our regulator Ofwat and consult CCW, the voice for water consumers, on our charges. Learn more at [thameswater.co.uk/value](https://thameswater.co.uk/value)
